

My Voice

Description of App

This application allows the user log into the app, search for their favorite song or artist. The corresponding song lyrics and music will be displayed.

User Story

Family stuck in house due to Covid. Kids driving each other crazy. Everyone love to sing. We need a fun, activity that lets everyone...

- Search for their favorite song
- Search for their artist
- Get the song lyrics
- Watch the music video

Our Motivation

We wanted to create an app for music lovers. That will displays the words to their favorite songs and music videos.

Process

Technologies Used

- CSS | Bootstrap Framework for Front-end design
- Third-Party APIs for video, music and lyrics (YouTube and LastFM)
- Favicon for browser icon 🎧

01

Design

Team Roles and responsibilities

- Adrienne Develop ReadMe
- Ameerah Develop Landing Page, Search-Results Page, and Presentation
- Anthony Develop JavaScript Pages, create and manage GitHub Repo
- Keven Develop JavaScript Pages, Co-develop Presentation

02

Work Assignments

Challenges and Remediation

- YouTube API connectivity issues
- Latency issues

03

Issue Resolution

Song Title: Fly Away

Artist: [Lenny Kravitz](#)

Lyrics

I wish that I could fly
Into the sky
So very high
Just like a dragonfly

I'd fly above the trees
Over the seas in all degrees
To anywhere I please

Oh I want to get away
I want to fly away
Yeah yeah yeah

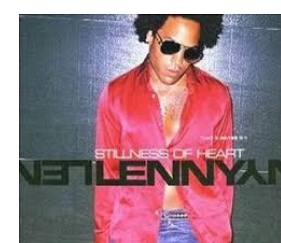

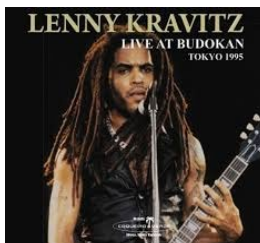

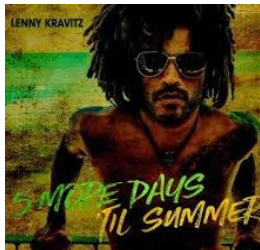

I want to get away
I want to fly away
Yeah yeah yeah

Let's go and see the stars
The milky way or even mars
Where it could just be ours
Let's fade into the sun

Let your spirit fly
Where we are one
Just for a little fun
Oh oh oh yeah!

I want to get away
I want to fly away
Yeah yeah yeah

I want to get away...

Future Enhancements

Users will be able to view the album covers of their favorite artist

Users will be able to record and upload their favorite songs

Users will be able to upload personal Video's

Users will be able to set up an account and share their music and videos
